

Article Overview

Key Croatian manufacturers and suppliers of fiber optic cables include Max. Dark Fiber, Omonia, Dateo Networks, Kolibric, DEKOD TELEKOM, ProTech Fiber, TIM KABEL, Telecron, and ELEKTRO IMBER.

Leading Manufacturers and Suppliers

Max. Dark Fiber specializes in wholesale connectivity solutions across Southeast Europe, offering dark fiber and backbone infrastructure for B2B clients, making them a key provider for direct fiber optic cable sales in Croatia . Omonia operates its own fiber-optic network, providing data and voice services to businesses, and can supply fiber infrastructure directly to corporate clients . Dateo Networks offers comprehensive telecom services including infrastructure design, build, and maintenance, with expertise in both fixed and mobile networks, suitable for companies seeking turnkey fiber solutions . Kolibric provides global network services and telecommunication products, including fiber optic solutions, with a focus on low-latency connectivity and carrier-grade infrastructure . DEKOD TELEKOM d.o.o. specializes in the construction, splicing, and testing of fiber optic networks, offering direct sales and installation services for telecom infrastructure . ProTech Fiber focuses on telecommunications and electrical engineering, supplying fiber optic cables and related components for direct B2B sales . TIM KABEL D.O.O. is a leading distributor of cables and conductors in Croatia, with offices in Zagreb, Split, Osijek, and Belgrade, providing wholesale fiber optic products . Telecron d.o.o. is an authorized distributor of global fiber optic brands, offering equipment, tools, and fiber optic cables, including fusion splicers and blowing machines, suitable for professional network deployment . ELEKTRO IMBER Ltd specializes in optical communications and FTTH deployments, supplying passive fiber products such as preconnectorized drop cables, patchcords, splitters, and optical enclosures, with customization options for direct B2B sales .

Product and Service Offerings

These companies provide a wide range of fiber optic products and services, including:

- o Fiber optic cables (single-mode, multi-mode, preconnectorized)
- o Patchcords and pigtails with G.657.A2 fiber for low bending radius
- o Optical splitters (PLC technology, up to 1:128 division)
- o Distribution and splice enclosures for indoor and outdoor use
- o Network deployment services including planning, design, installation, and testing
- o Measurement and testing equipment for fiber networks

Considerations for Direct Sales

When sourcing fiber optic cables directly from Croatian manufacturers:

- o Verify B2B capabilities and minimum order quantities
 - o Confirm customization options for connectors, lengths, and split ratios
 - o Assess installation and support services if deploying large-scale networks
 - o Check for compliance with international standards for telecom infrastructure
- These manufacturers and suppliers provide reliable options for businesses seeking direct procurement of fiber optic cables and related infrastructure in Croatia .
