

Factory that manufactures pigtail connectors

Article Overview

Pigtail connectors are manufactured by specialized factories in the USA, Canada, and China, including companies like TE Connectivity, Amphenol, Molex, SC Fastening Systems, and numerous verified Chinese OEMs.

North American Manufacturers

- o SC Fastening Systems produces custom and standard pigtails from nylon, suitable for power distribution, grounding, and substation applications, serving multiple industries including automotive and military .
- o Coronet Parts Mfg. Co., Inc. manufactures Prest-O-Lite (P.O.L.) pigtails for hardware, gas, and plumbing applications .
- o FRC Group specializes in custom pigtails for broadband, telecommunications, avionics, aerospace, automotive, and military industries, meeting Mil-STD and AS9100 standards .
- o Western Enterprises manufactures flexible and rigid pigtails from stainless steel, thermoplastic, brass, and copper for oil, gas, food, beverage, chemical, HVAC, medical, and pharmaceutical industries .
- o Fibertronics produces standard and custom fiber optic pigtails, including multi-fiber splice-on and ribbon pigtails for single-mode and multimode applications .

Global Connector Companies

Large connector manufacturers also produce pigtail connectors as part of their extensive product lines:

- o TE Connectivity - Offers connectors for automotive, industrial, and high-voltage applications worldwide .
- o Amphenol - Manufactures electrical, electronic, and fiber optic connectors, including custom pigtail solutions .
- o Molex - Provides a wide range of connectors for automotive, aerospace, and industrial applications .
- o Aptiv, Yazaki, Samtec, JAE Electronics - These companies produce specialized connectors, including pigtail types for high-performance and harsh environments .

Chinese OEM/ODM Factories

China hosts numerous verified factories offering direct-sale pigtail connectors at competitive prices. These manufacturers provide OEM/ODM services, custom fabrication, and bulk production for global clients . Buyers can source connectors for automotive, electronics, telecommunications, and industrial applications directly from these factories.

Distribution and Online Suppliers

Factory that manufactures pigtail connectors

o Mouser Electronics and Aeromotive provide access to pigtail connectors from multiple manufacturers, offering datasheets, inventory, and custom solutions for automotive, aerospace, and industrial sectors .

Summary

Pigtail connectors are produced by a mix of specialized North American factories, global connector companies, and Chinese OEM/ODM manufacturers. These factories offer a range of materials (nylon, copper, stainless steel, fiber optic), lengths, and custom options to serve industries such as automotive, aerospace, telecommunications, energy, and medical. Buyers can source connectors directly from factories or through distributors like Mouser Electronics for immediate availability and technical support.

Wholesale customized pigtail on fiberopticom . We're well-known as one of leading pigtail

Top connector companies like TE Connectivity, Amphenol, and Molex have many products. They make connectors for cars, planes,

Manufacturer of custom and standard closed and end connector pigtails made from nylon material. Available in various

Looking for pigtail connector factory direct sale? You can buy factory price pigtail connector from a great list of reliable China pigtail

Find here Pigtail Connector manufacturers & OEM manufacturers in India. Get Contact details

China Pigtail Connector wholesale - 2026 Pigtail Connector products in best price from Chinese Coaxial Connector manufacturers,

What Are Aftermarket Connectors? Aftermarket connectors are produced by third-party manufacturers to

CommScope engineers and manufactures a complete line of high quality fiber pigtails

Discover a wide range of automotive connectors, pigtails, and plugs at findpigtails . Lightning-fast search, helpful tools, and how

Pigtail Connectors Guide - Definition, Operating Principles and Construction, Types In exploring key components in modern electrical

Factory that manufactures pigtail connectors

Fiber Optic Pigtail | Professional Cable Termination Solutions Fiber optic pigtails represent the cornerstone of professional cable

A pigtail connector is a short electrical cable used to connect one device or component to another. In the automotive world, pigtail

Find wholesale pigtail connector manufacturers from China, India, Korea, and so on. Source good quality pigtail connector products

Pigtails and Wire Harnesses Our selection of automotive pigtails ensures that the job is done right and on time. From headlamp

Pre-terminated pigtail connectors remove that variable entirely. Each wire lead arrives with a factory-crimped terminal validated

Choose from our selection of pigtail connectors, including electrical connectors, data, audio, and video connectors, and more. Same
