

Article Overview

Meka Pro Oy is a leading Finnish manufacturer of high-quality steel cable trays, including U-shaped designs.

Meka Pro Oy, founded in 1953, is a family-owned company based in Oulu, Finland, with additional sales offices in Vantaa and Turku . The company specializes in galvanized steel and acid-proof steel cable trays, cable ladders, wire mesh trays, lighting tracks, and aluminum-frame cable management systems . Their products are designed for industrial, construction, and power plant projects, emphasizing quality, strength, ease of installation, and long service life .

Product Range and Features

- o Steel Cable Trays: Available in U-shaped and ladder designs, suitable for heavy-duty electrical installations .
- o Materials: Galvanized steel, acid-proof steel, and aluminum options for corrosion resistance .
- o Certifications: ISO 9001, ISO 14001, and OHSAS 18001, ensuring high-quality manufacturing standards .
- o Regional Availability: Products are widely represented in Northern and Central Europe, including Sweden and the Baltic countries .
- o Additional Products: Wire mesh trays, lighting tracks, socket poles, and solar mounting systems .

Meka Pro's U-shaped steel cable trays are designed to support heavy cable loads, comply with international standards, and facilitate efficient installation in complex electrical systems . For more information, product specifications, and references, you can visit their official website at mekapro.eu .
