

Latest Ranking of Italian Fireproof Cable Tray Brands

Article Overview

Leading Italian fireproof cable tray brands include Schiavetti Tekno (Spina Group), Schiavetti, SITIE, Sati Italia, Zamet SPA, DKC Europe, and Steel Line CMS, recognized for high-quality, compliant, and industrial-grade solutions.

Top Italian Brands

- o Schiavetti Tekno (Spina Group) - A premier manufacturer of industrial cable trays, offering stainless steel, galvanised, and wire-mesh trays in ladder, perforated, and closed types. Their systems are designed for strength, corrosion resistance, and fireproof performance, compliant with EN and UL standards, and suitable for high-temperature industrial environments .
- o SITIE - Established in 1945, SITIE specializes in industrial installations and plant automation. Their cable trays are widely used in oil, petrochemical, and industrial sectors, offering durability and compliance with national and European standards .
- o Sati Italia S.p.A - Founded in the 1960s and now part of DKC Europe, Sati Italia provides customizable cable trays with a strong logistics network, ensuring rapid delivery and high-quality industrial solutions .
- o Zamet SPA - Known for versatile and functional cable conveyance systems, Zamet SPA offers globally recognized fireproof and industrial cable trays, emphasizing advanced technology and production scale .
- o DKC Europe - A leading group in cable drag system design and production, DKC Europe provides innovative, reliable, and fire-resistant cable protection solutions for industrial and commercial applications .
- o Steel Line CMS - With nearly 40 years of experience, Steel Line CMS manufactures high-performance cable tray systems for both industrial and civil applications, prioritizing safety, aesthetics, and fireproof standards .
- o Tekima S.r.l. - Offers cables, support accessories, and terminations for industrial applications, meeting European, North American, and Canadian standards, including fireproof specifications .

Key Features of Italian Fireproof Cable Trays

- o Material Options: Stainless steel, galvanised steel, aluminium for corrosion and fire resistance.
- o Tray Types: Ladder, perforated, closed-bottom, and wire-mesh for ventilation and fire safety.
- o Compliance: EN 61537, UL, and ISO 9001 standards ensure global compatibility and fireproof performance.
- o Customization: Many Italian manufacturers provide tailored solutions for industrial plants, energy infrastructure, and high-temperature environments. These brands are recognized for industrial-grade durability, fire resistance, and compliance with international standards, making them suitable for energy, infrastructure, and heavy industrial projects in Italy and globally .
