

Article Overview

Top Lithuanian fiber optic cable manufacturers and suppliers include Max. Telecentras, The Workshop of Photonics, Optilix OU, SOMI Networks, and UAB Baltkomas.

Key Manufacturers and Suppliers

Max. Telecentras - A state-owned company providing a wide range of telecommunications services, including data transmission and fiber optic solutions. They are experienced in large-scale network deployment and data center connectivity . **The Workshop of Photonics (WOP)** - Specializes in femtosecond laser micromachining for optical fibers, offering precise laser drilling and custom solutions for industrial and scientific applications. Their expertise ensures high-quality fiber processing . **Optilix OU** - Founded in 2018, Optilix OU distributes high-quality materials and equipment for optical fiber cable production. They maintain a warehouse in Klaipeda, Lithuania, and supply materials with warranty, supporting both local and regional clients . **SOMI Networks** - A European distributor and manufacturer of active fiber optic equipment, passive network components, and 19" cabinets. They provide custom networking solutions and have extensive experience in Eastern Europe . **UAB Baltkomas** - Focuses on fiber optic network deployment using both traditional trenching and advanced technologies. They offer professional installation services and have a strong track record in Lithuania .

Additional Notable Companies

- o **Altechna** - Offers custom-optimized laser optics and fiber end caps, ensuring excellent beam quality and low absorption, suitable for high-performance fiber applications .
- o **Integrated Optics** - Provides ultra-compact laser sources with single-mode fiber, relevant for spectroscopy and specialized high-tech applications .

Considerations for Selection

When choosing a manufacturer or supplier, consider:

- o **Product range and customization** - Some companies like WOP and Altechna offer specialized fiber processing and optical components.
- o **Installation and deployment services** - Companies like UAB Baltkomas and Max. Telecentras provide end-to-end network solutions.
- o **Regional distribution and support** - Optilix OU and SOMI Networks offer warehousing and delivery across Lithuania and neighboring countries. These companies collectively cover fiber optic cable production, high-precision optical components, and network deployment services, making them suitable for both industrial and commercial projects in Lithuania.
