

Article Overview

Velvindron Products Co Ltd and MRC Wire Products are key manufacturers in Mauritius offering customizable cable tray solutions, including elbows and accessories.

Local Manufacturers and Suppliers

Velvindron Products Co Ltd is a well-established manufacturer based in Pailles, Mauritius, producing perforated cable trays, wire mesh cable trays, cable tray covers, and ducting, along with accessories suitable for customized installations such as elbows and bends. They have been operating since 1958 and provide solutions adaptable to industrial and commercial projects in Mauritius. MRC Wire Products specializes in welded cable trays with customizable sizes, configurations, and finishes. Their products are designed for efficient cable routing, enhanced safety, and quick installation, and they can provide tailored solutions including elbows and other tray accessories to meet project-specific requirements. Legrand Cablofil offers wire mesh cable trays with flexible configurations, including toolless bend creation systems like Faslock and Autoclic, which allow on-site customization of elbows and directional changes without special tools. This system is suitable for projects requiring rapid installation and visual inspection of cables.

Key Considerations for Mauritius Projects

When selecting a manufacturer for customized cable tray elbows in Mauritius, consider:

- o **Material and Corrosion Resistance:** Hot-dip galvanized steel, stainless steel (304/316), or FRP are preferred for coastal and tropical environments.
- o **Compliance:** Ensure products meet IEC 61537, NEMA VE 1, BS EN 61537, and local Mauritian electrical codes.
- o **Customization Options:** Check if the supplier can provide elbows, tees, reducers, and other accessories compatible with your tray system.
- o **Technical Support and Lead Times:** Local technical assistance, replacement lead times, and installation guidance are critical for smooth project execution.
- o **Quality Assurance:** Suppliers offering ISO 9001 certification, mill certificates, and test reports ensure reliable performance.
