

Article Overview

Field spectrometers like the ASD INC FieldSpec 4 are available in Morocco, with prices varying by model and supplier, and professional assistance is offered for obtaining quotes.

Available Models and Suppliers

o

ASD INC FieldSpec 4: This high-quality field spectrometer is available through Moroccan marketplaces such as Bimedis, which provides professional support for selecting the right model and obtaining a price quote . The exact price range is not publicly listed, but the platform allows direct contact with vendors for customized quotes.

o

Spectrophotometers and Laboratory Spectrometers: Companies like Franance Health Systems supply spectrophotometers suitable for agricultural, pharmaceutical, and industrial applications in Morocco . These instruments are designed for precise spectral measurements and can be used for quality control, environmental monitoring, and research.

o

Other Marketplaces: ExportHub and ZefSci list various spectrometry systems, including atomic absorption and mass spectrometry devices, which can complement field spectrometer purchases . These platforms provide access to multiple suppliers and facilitate price inquiries.

Pricing Considerations

o

Prices for field spectrometers depend on model, features, and condition (new or used). While specific numbers are not always disclosed online, contacting suppliers directly is recommended to obtain accurate quotes.

o

Professional support is often available to help choose the appropriate spectrometer for your application, ensuring compatibility with your lab or field requirements .

How to Obtain a Quote
