

Article Overview

Leading Norwegian manufacturers of cable trays include Oglaend System, Wibe Group, and Nordic Wire Tray, offering molded, wire, and mesh tray solutions for industrial and commercial applications.

Oglaend System

Founded in 1977 in Sandnes, Norway, Oglaend System specializes in multidiscipline support systems, including cable trays and ladders. They provide molded and modular cable tray solutions suitable for industries such as oil & gas, shipbuilding, wind energy, and infrastructure. Their MultiGrid(R) installation concept reduces system costs by up to 30% through optimized weight, installation time, and coordination between disciplines. Oglaend System operates globally with factories in Norway, Malaysia, and China, ensuring extensive local stock and fast supply chains .

Wibe Group

The Wibe Group manufactures a wide range of cable support systems, including cable ladders, mesh trays, and wall trunking. Their products are designed for both horizontal and vertical installations and are suitable for commercial buildings, industrial plants, offshore wind, and oil & gas sectors. Wibe emphasizes ease of installation and robust performance in demanding environments, offering solutions that can be adapted to complex projects .

Nordic Wire Tray

Nordic Wire Tray (formerly X-Tray) provides wire trays and complete cable management systems with a focus on flexibility and customization. They offer stainless steel and other surface-treated trays, with the ability to cut, bend, and adapt trays to project-specific requirements. Their X-Tray system is designed for cost-effective, fast installation with minimal fasteners, making it suitable for projects requiring high-quality, adaptable cable management solutions .

Summary

For Norwegian molded cable tray solutions, these manufacturers provide:

- o Oglaend System: Modular and molded trays, global supply, MultiGrid(R) system for cost efficiency.
- o Wibe Group: Mesh and ladder trays, robust for industrial and offshore applications.
- o Nordic Wire Tray: Customizable wire trays, flexible installation, high-quality materials. These companies are well-established in Norway and internationally, offering both standard and customized solutions for a wide

range of industries.
