

Price of OM5 fiber optic cable for Singapore s private power grid

Article Overview

OM5 fiber optic patch cables in Singapore are priced from approximately SGD 5.89 to SGD 9.05 per meter, depending on type and configuration.

Pricing Details

- o FS.com Singapore lists OM5 multimode patch cables at SGD 5.89 for 1-meter simplex cables and SGD 9.05 for 1-meter duplex cables, both supporting 40G/100G SWDM networks with $\leq 0.3\text{dB}$ insertion loss, GST included .
- o Lazada.sg also offers OM5 fiber cables, often with competitive pricing and promotions, though exact prices vary by seller and cable length .
- o Local distributors like RS Singapore and element14 Singapore provide OM5 cables for industrial and high-speed networking applications, with pricing typically in a similar range, and may offer bulk discounts or technical support for utility-grade installations .

Considerations for Private Power Grid Use

- o OM5 cables are extended wavelength range multimode fibers suitable for shortwave division multiplexing (SWDM), which increases data capacity and is ideal for high-bandwidth monitoring and control systems in power grids .
- o Ensure cables are rated for indoor/outdoor use and comply with fire safety standards (e.g., OFNR for riser applications) when deployed in substations or conduits.
- o For large-scale installations, contacting suppliers like Device Electronics or Nagasima Electronic Engineering in Singapore can provide custom lengths, bulk pricing, and technical support for industrial-grade fiber optic networks .

Summary

For Singapore, OM5 fiber optic cables suitable for private power grid applications typically cost between SGD 5.89 and SGD 9.05 per meter, with prices varying by cable type (simplex vs duplex), length, and supplier. Bulk orders and industrial-grade specifications may affect final pricing, so consulting local distributors for quotes is recommended .
