

Article Overview

Cable tray prices in Singapore vary widely depending on material, type, size, and load capacity, with suppliers offering both standard and customized solutions.

Key Suppliers in Singapore

- o RS Components - Offers a wide range of cable trays including wire mesh, steel, and aluminium trays suitable for industrial and commercial applications. They provide free next-day delivery and cater to various sizes and standards compliance requirements .
- o Ferrotech - Supplies Ferrograte cable trays, including perforated, ladder, FRP, and wire mesh types, ideal for efficient cable management systems .
- o United U-Li Projects Pte Ltd - Established in 2009, they provide high-quality cable trays, trunkings, cable ladders, conduits, and floor trunking systems for diverse industrial projects .
- o Foresight Metal Engineering Pte Ltd - Specializes in metal cable trays, trunkings, and ladders for commercial and industrial projects. They offer both standard inventory and customized solutions to meet specific project requirements .
- o Wanco Electric Pte Ltd - Offers perforated steel cable trays in various materials including pre-galvanized steel, hot rolled steel, stainless steel, aluminium, and FRP/GRP. They provide multiple duty levels (light, medium, heavy, super heavy) and cover options .

Factors Affecting Cable Tray Prices

- o Material: Steel, stainless steel, aluminium, FRP/GRP, and coated metals have different costs. Stainless steel and FRP are generally more expensive than mild steel or aluminium .
- o Type and Design: Ladder, perforated, wire mesh, and solid-bottom trays vary in price. Wire mesh trays are often more cost-effective for flexible routing .
- o Load Capacity: Light, medium, heavy, and super heavy-duty trays influence pricing based on thickness and structural strength .
- o Customization: Custom sizes, coatings, or specialized designs for industrial environments can increase costs .
- o Standards Compliance: Trays meeting IEC, NEC, or Singapore-specific regulations may carry a premium .

Price Estimation

While exact prices are not publicly listed, typical ranges in Singapore for standard steel or aluminium cable trays can start from SGD 20-50 per meter for light-duty trays, with heavy-duty or stainless steel trays ranging from SGD 80-200 per meter depending on specifications and supplier. Custom or specialized trays may exceed these ranges.

Recommendations

- o Contact suppliers directly for quotes based on your project's tray type, material, size, and load requirements.
 - o Consider bulk orders or long-term contracts to reduce unit costs.
 - o Ensure the trays comply with local safety and electrical standards for industrial or commercial installations.
- By evaluating these factors and consulting multiple suppliers, you can obtain competitive pricing and select the most suitable cable tray solution for your project in Singapore.
