

Wholesale price of double-layer cable trays in Changning

Article Overview

Wholesale prices for double-layer cable trays in Changning typically range from RMB 50 to RMB 200 per meter, depending on material, size, and customization.

Pricing Overview

The cost of double-layer cable trays varies based on material type, dimensions, load capacity, and surface treatment. Common materials include stainless steel, aluminum, and galvanized steel, with stainless steel generally being the most expensive due to durability and corrosion resistance, while aluminum offers a lighter, cost-effective option. Factory-direct or OEM orders often provide volume discounts, which can significantly reduce the per-meter price for bulk purchases.

Supplier Options

Changning buyers can source cable trays from verified Chinese manufacturers and wholesalers. Platforms like Made-in-China, Alibaba, and Tradewheel list multiple suppliers offering double-layer cable trays with customization options for width, height, and load-bearing capacity. Some suppliers also provide ISO 9001, CE, and SGS-certified products, ensuring quality standards for industrial applications.

Cost Factors

- o Material: Stainless steel > Aluminum > Galvanized steel
- o Tray Size: Wider or taller trays cost more
- o Customization: Special coatings, perforations, or multi-layer designs increase price
- o Order Volume: Larger orders usually qualify for discounts
- o Shipping & Delivery: Local suppliers in Changning may reduce logistics costs

Recommendations

- o Request multiple quotes from local manufacturers to compare prices and lead times.
- o Specify material and load requirements to ensure accurate pricing.
- o Consider OEM or factory-direct options for bulk orders to maximize cost savings.
- o Check certifications to ensure compliance with safety and industrial standards. By contacting suppliers directly, buyers in Changning can obtain precise wholesale pricing tailored to their project requirements, often within the RMB 50-200 per meter range depending on specifications.
